

# ASD STRATEGIES IN ACTION

autism certification center

## **A FREE innovative, online video training program for those who interact with individuals with autism spectrum disorder (ASD)**

Provides practical information and skills, demonstrated with real-life examples, filmed in homes, schools, work, and community settings.

ASD Strategies in Action fills critical gaps:

- The need for more trained service providers to meet a growing demand
- The need for more consistent, broad-based community support for parents and families

The program was funded under the leadership of the Ohio Department of Developmental Disabilities in collaboration with the Ohio Department of Education and Workforce and the Governor's Office of Health Transformation.

A better trained support system means a better quality of life for individuals and families.

## ASD Strategies in Action

- Gives families and service providers tools to ensure they are equipped to effectively care for, support, educate, employ, or work with individuals on the autism spectrum
- Organized by age, from early childhood through young adulthood, and by strategy to allow easy access to the information that is most relevant to the user
- Provides practitioners the option to earn professional development hours and continuing education credit from many participating organizations
- Designed so that every user can gain knowledge and implement the skills learned immediately
- Developed by OCALI's Autism Certification Center in consultation with a blue-ribbon panel of internationally renowned experts

Group subscriptions are available. If interested, please contact us at [acc\\_info@ocali.org](mailto:acc_info@ocali.org).
