

## **Designing Flexible Assessment and Learning Kits for Home and School**

December 17, 2020 | 4:00 p.m

Presented by:

Shawna Benson, M. Ed. Program Director - Teaching Diverse Learners Center at OCALI

Kathy Brown, Intervention Specialist - Simon Kenton School

Jamie Harp, Paraprofessional - Simon Kenton School

Craig Ludwig - School Age Supervisor

As we continue to navigate learning in a pandemic, it is important to be prepared to transition from face-to-face learning to online learning at a moment's notice. Discover how one team is designing personalized, flexible learning and assessment kits for learners that can be used at school or home. Learn more about the design process and tips that you can immediately use.

### **Supporting Resources:**

Boomcards <https://wow.boomlearning.com/>

Extended Standards [https://www.ocali.org/project/unit\\_planning/page/unit\\_standards](https://www.ocali.org/project/unit_planning/page/unit_standards)

## **Special Thanks!**

We would like to thank the following individuals for providing resources to support this session.

Sara Miller, IS - Madison Local Schools

OCALI Tech Team

## **Evaluation Link:**

Here is the link to the evaluation that can be shared with event participants through the meeting chat:
