Presented by:

Alex Corwin, M.A., Secondary Transition and Workforce Manager at OCALI

Catie Riker, Master's in Curriculum and Instruction, Job Training Coordinator at Washington Local School District

Coordinating and individualizing services for students is important as they transition from school to adult life. Join this roundtable discussion with a local educator, County Board of Developmental Disability Service and Support Administrator, and Opportunities for Ohioans with Disabilities (OOD) supervisor as they discuss transition services from their agencies, how they share data from those services, and work toward being “outcome focused, agency neutral, and person-centered” to help students achieve post-school goals.
