OFFICE OF POLICY

Facts & Figures:
System of Care & Hi-Fidelity Wraparound

System of Care (SOC): NETWORK of services and supports

- Coordinated network of community-based services and supports
- Strengths-based, family/youth-focused, culturally competent
- Systems of Care:
  - Ensure availability of and access to broad array of community-based services and supports that address family needs at all stages of development/transition
  - Develop true partnership with youth and family at all levels – planning, policies, practices
  - Focus on cross-system collaboration, linkages, coordination, and integration
  - Include prevention, identification, and promotion
  - Incorporate monitoring and accountability

OUTCOMES (Center for Child Welfare)
- Reduced re-referrals to child welfare
- Decline in total days in placement
- Increased permanency
- Improvements in child wellbeing indicators

Hi-Fidelity Wraparound (HFW): Planning PROCESS

- Evidence-based, team planning process
- Four goals of HWF:
  1. To meet the needs prioritized by the youth and family
  2. To improve the youth/family's ability and confidence to manage their own services and supports
  3. To develop or strengthen the youth/family's natural support system over time
  4. To integrate the work of all child serving systems and natural supports (ideally SOC) into one streamlined plan
- HFW facilitator guides process
- Facilitator and process focus on NEEDS as expressed and prioritized by youth/family – not services.
- Process results in a plan

OUTCOMES (National Wraparound Initiative)
- Multisystem youth more likely to stay in home
- When out-of-home placement is needed, stay is shorter
- Improved mental health and functioning in homes, schools and communities
- Reduced overall costs
