

The Right Fit Discussion

1. How do the youth's adult plans complement the youth's personality or temperament?
2. How will attaining these goals support the youth to feel satisfied and fulfilled as an adult?
3. How do the future environments, activities and tasks align with the youth's needs for support or conditions for success?
4. How independent will the youth be able to be in the targeted environments or performing the targeted work/activities?
5. How does the youth's background information and academic preparation match with skills needed for the future?
6. Does the desired future employment require formal training or education that the youth is aware of and is willing to pursue?
7. What potential issues, if any, may emerge from the environment and settings associated with the adult outcomes?
8. Does the youth's desired adult employment meet an identified employment need in the youth's community?
9. How well are the youth's choices supported by facts and authentic information?
10. Are the choices for future employment, education and community involvement supported by the youth's family?
