

DEB IS YOUR JOB COACH

What is a job coach?

A job coach is someone who checks on you at your job.

A job coach
checks in even
after you have
learned your
job.

Sometimes
they help you
learn new jobs.

Sometimes a
job coach talks
to your bosses.

Sometimes a
job coach takes
notes

Other times a
job coach
videotapes.

It is always good to ask your boss or your job coach if you have a question.
