

Equipping Educators and Professionals to Support Individuals with Autism so They Can Live their Best Lives for their Whole Lives

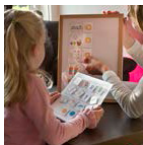

The Autism Center works to build the capacity of school districts and other education agencies to improve their instruction and support for individuals with autism.

- **We first assess, then address!**
We assess district and agency needs and then work with them to identify resources to address those needs.
- **We equip teams to serve learners with autism.**
We develop customized, teambased professional development and technical assistance.
- **We serve as a resource for up-to-date, reliable information.**
We help to identify, create and disseminate high quality information and resources.

OCALI Autism Center Grab and Go's

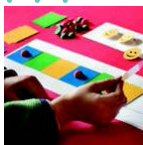

Children's Books on Autism

Discover books to use with children ages preschool through high school to learn more about autism.

Online Book Studies

No time to attend a training but need professional development in ASD? Consider an online book study offered by the Autism Center. Download guiding questions. Don't own the book? Check it out from the OCALI online Lending Library.

Autism Grab n' Go Resource Gallery

Need an intervention to support a learner with or without autism but not sure where to find it? Visit the Resource Gallery and explore different interventions and examples of how to use them. Don't have the intervention template? Download the template and you are on your way to creating interventions tailored to the unique needs of the individual.

Autism Internet Modules (AIM)

Do you work with, support, instruct, or live with someone with ASD and are in need of training at your fingertips? AIM is designed to provide high quality information and professional development for people like you.
