

Occupant with Autism Emergency Alert Card

Directions:

Printed Use

- Cut out the cards on page two and keep copies where they may be helpful, such as in your home, car, or for when you travel.
- You may choose to laminate the cards or place them in a plastic sleeve to make them more durable and easier to reuse.
- Some families may also choose to share a copy with caregivers, family members, or support staff.

Digital Use

- Some families may choose to share the digital card with caregivers, family members, or support staff.

Ideas for when to use this alert card:

- Place the card in the windows of your home, the individual's bedroom, or your car.
- In a medical or safety emergency such as a fire or emergency evacuation.
- When staying in hotels or motels, or when in the workplace.
- When traveling alone.

Alert Card Wording

There are three identical copies of the alert card on the next page. Each card reads:

"Emergency Alert: Occupant with Autism. May not respond to verbal command."
